

REACH 10000+ LOCAL HOMES & BUSINESSES FOR LESS THAN 1 CENT EACH

LOWEST-COST & MOST EFFECTIVE ADVERTISING! INCREASE YOUR CUSTOMERS & SALES!

Some of the MANY Benefits of advertising in the **Discount Advertiser** are listed below...

- For less than a penny per home with a "Biz Card" size ad, we have the **Lowest Cost & Most Effective** form of advertising in Jacksonville. That's **10,000+ Homes & Businesses** that will get your ad. And, with an average of 3 working adults per home, that's 30,000+ sets of eyes looking at your ad.
- We've combined 3 forms of advertising media into 1 - **Direct Mail, the Newspaper and the Internet**, which gives YOUR business an advantage of saving even more money and reaching more consumers.
- Our advertising publication is mailed directly into the Homes & Businesses in your local area. The ads in our paper offers Coupons, Deals, Specials, Discounts, Savings and more - and will encourage people who want to receive more information about these offers to visit online at a page we set-up for your business.
- As we are capturing the contact information of readers viewing your ad, you'll be able to communicate your Coupons, Deals, Specials, Discounts, Savings and more thru Email Marketing.
- The topic of **Coupons, Deals, Specials, Discounts and Savings** has been trending heavily. The idea of saving money will cause readers to review the advertising publication over and over, which gives it a shelf life of 4 to 6 weeks. That allows **consumers to get to Know, Like and Trust** your business.
- The benefits to your business will continue to grow when you advertise with us. For more info visit:
